

14 November 1962

MEMORANDUM FOR: Chairman, United States Intelligence Board
SUBJECT: Coordination Staff Report on Analysis of Foreign Intelligence Plans and Programs for FY 1963
(USDI-2-33.2/1, 22 October 1962)
REFERENCE: Memorandum for Chairman, United States Intelligence Board, from Executive Secretary, dated 20 October 1962

1. It is understood that you do not wish to schedule the subject report for consideration at a USIB meeting until you have completed your personal review of it, since this document is of primary concern to you as DCI in carrying out your responsibility for coordination and guidance of the foreign intelligence effort.
2. As an alternative to consideration at an early USIB meeting, you might wish to request that each of the other USIB members, by memorandum action:
 - a. Advise you at an early date of his views regarding the actions proposed by the Coordination Staff in Part I of Attachment No. 1 of the subject report, indicating cancellations, amendments, deletions or additions.
 - b. Agree to submit at the end of CY 1962 any changes in the summarization of the program for his agency in Attachment No. 2 of the subject report, required to bring that summarization up-to-date as of that time for accurate record and reference purposes.
3. This procedure would serve the following purpose:
 - a. Constitute a means of responding to the Presidential approval of Joint Study Group Recommendation No. 12 calling for such an annual review by USIB of future plans and programs.

b. Enable each of the other Board members to express his views on the subject report which he and his staff have been developing, and to bring up-to-date the summary of his agency's program.

c. Provide authoritative advice by the other USIB members to you as DCI (without commitment by you pending your further review), which could also be used as background in your consultations or consultations regarding the subject with the President, National Security Council, heads of other departments and agencies and the President's Foreign Intelligence Advisory Board.

d. Accordingly, if you do not wish at this time to schedule the subject report at a USIB meeting, it is recommended that you approve the alternate procedure discussed above, by authorizing the circulation of the attached memorandum for the USIB.

[Redacted]
Executive Secretary

25X1A

Approve circulation of
attached memorandum.

John A. McCone
Chairman, USIB
